**PROVIDENT HEALTHCARE PARTNERS ADVISES SOUTHEAST GASTRO IN ITS
PARTNERSHIP WITH GASTRO HEALTH**

Southeast Gastro, a Birmingham Alabama-based gastroenterology practice with 20 board-certified gastroenterologists, 17 advanced practitioners, 8 locations, and three surgery centers, has partnered with Gastro Health, a leading medical group specializing in digestive health. [Provident Healthcare Partners](#) (“Provident”) served as exclusive financial advisor to Southeast Gastro. The terms of the transaction were not disclosed.

“Provident is comprised of an excellent team of advisors and is very methodical in finding the right partner for its clients. Each gastroenterology practice is different, as is each private equity group; Provident took the time to fully understand what makes our practice unique and then paired us with a like-minded partner while always keeping our best interests in mind. The team provided guidance and support during this transition and never once put pressure on us to partner with a group if we felt uncomfortable,” stated Dr. Miles Gresham, President of Southeast Gastro.

“We are honored to partner with the exceptional team of physicians and advanced practitioners from Southeast Gastro,” said Gastro Health CEO, Joseph M. Garcia. “Their long history of providing the highest quality, patient-centered care has made a tremendous impact in their community and speaks directly to our own commitment to improving the health of our patients through teamwork, mutual respect, and compassionate care.”
