**PROVIDENT HEALTHCARE PARTNERS ADVISES DELRAY EYE ASSOCIATES IN ITS
PARTNERSHIP WITH EYECARE SERVICES PARTNERS**

Delray Eye Associates (“DEA”), a leading comprehensive eye care provider in South Florida, has entered into a strategic partnership with EyeCare Services Partners Management, LLC (“ESP”), the leading national provider of integrated eye care services. ESP is a portfolio company of Harvest Partners. DEA is a multi-subspecialty eye care practice with nine fellowship-trained physicians including board certified ophthalmologists in every subspecialty of ophthalmology and optometry. DEA’s catchment area covers Miami-Dade, Broward, and Palm Beach counties with over 14,000 patients treated annually. [Provident Healthcare Partners](#) (“Provident”) served as exclusive financial advisor to DEA. The terms of the transaction were not disclosed.

“DEA is excited about its partnership with ESP. Provident was instrumental in guiding us through this complex, time-consuming process and helped us secure the most value for our practice. After interviewing several investment bankers, we ultimately decided on Provident due to their track record of success and outstanding reputation. They have lived up to our expectations in every manner. Provident was professional, communicative and effective - we could not be more pleased with the result,” commented Daniel Jewelewicz, MD.

“The world of private equity is relationship driven. These PE firms know which investment bankers they can trust and which companies they prefer to work with. Provident has a stellar reputation and commands the respect of all private equity companies in healthcare. Provident was accessible, responsive, thoughtful, creative, and supportive throughout our entire process. They were honest, ethical, and a pleasure to deal with,” added Steven Rosenfeld, MD.

“DEA has a national reputation as a leading clinical provider in sub-specialty eye care. ESP’s growing presence in the Florida marketplace provides a compelling partnership opportunity for DEA to continue its expansion in South Florida,” commented Eric Major, Director at Provident.

About Delray Eye Associates
