**PROVIDENT HEALTHCARE PARTNERS ADVISES EYE SURGERY ASSOCIATES IN ITS
PARTNERSHIP WITH EYECARE SERVICES PARTNERS**

Eye Surgery Associates (“ESA”), one of the leading comprehensive eye care providers South Florida, has entered into a strategic partnership with EyeCare Services Partners Management, LLC (“ESP”), the leading national provider of integrated eye care services. ESP is a portfolio company of Harvest Partners. Eye Surgery Associates is one of the largest multi-subspecialty ophthalmology practices in Broward County, with offices in Hollywood, Weston, Pembroke Pines, and Miami, and has been serving these communities for over 30 years. [Provident Healthcare Partners](#) (“Provident”) served as exclusive financial advisor to ESA. The terms of the transaction were not disclosed.

“Choosing a PE partner is a long and detailed process, where you need experts to guide you past the speed bumps that will be encountered. Provident did an excellent job in representing the practice and finding the best possible options available. Our group was extremely appreciative of their knowledge and skill, and they were always accessible to answer questions. We would not have completed our deal without their help,” stated Mark Dorfman MD, Managing Partner of Eye Surgery Associates.

“Eye Surgery Associates expands ESP’s multispecialty footprint in South Florida, while also adding a significant presence in pediatric ophthalmology. The partnership is a perfect fit,” commented Eric Major, Director at Provident.
