EMSYSTEM, LLC COMPLETES RECAPITALIZATION

BOSTON, MA – (BUSINESS WIRE) – Milwaukee-based EMSysystem, LLC and Infinity HealthCare have completed a recapitalization of EMSysystem today with a West Coast Private Equity Firm with over \$9 billion under management. Provident Healthcare Partners acted as exclusive financial advisor to EMSysystem, LLC.

"We are excited about our momentum and future growth prospects," said Andy Nunemaker, chief executive officer of EMSysystem. "We have an aggressive growth strategy, and we are confident we can realize our ambitious goals as a Company. We are also excited that the recapitalization structure allows our employees to take part in the Company's financial success."

Nunemaker said the angel investors played significant roles in growing the Company over the past three years.

"We could never have achieved such successful results without their knowledge and expertise. Our board members and investors were always willing to help in every aspect of the business," Nunemaker said.

EMSysystem, LLC underwent its first round of financing in May 2004, when Infinity HealthCare offered to sell voting control to members of the Marquette Golden Angels Network. Since that time, the Company's revenues have increased 700 percent, and its earnings have increased more than 1,000 percent.

"The Golden Angels investors are very pleased with Andy's leadership of the whole EMSysystem team," said Tim Keane, director of the Marquette Golden Angels Network. "We are delighted to see the Company prosper and are grateful for the opportunity to participate."

The Golden Angels network, with 80 members in Milwaukee and Chicago, invests in early and seed stage companies with substantial growth prospects.

"This transaction enabled the Marquette University Golden Angels Network and Infinity HealthCare realize a very favorable return on investment, and at the same time, gave operating management an opportunity to acquire a significant equity position going forward" said Bob Ciardi, Managing Partner of Provident Healthcare Partners. "It was a true win-win transaction."

Financial terms of the acquisition were not disclosed. EMSysystem was a winner of an SBT Bravo! Entrepreneur Award in 2006.
